# Who are we?

*"Every Individual Deserves Education."*

Education is a vital way to bring someone on the roads to success. From children to adults, it is essential to be educated to survive in the competitive world. If we observe, in the fast few years, the government is doing a lot of things to improve the Indian education system. As per the latest survey, there is a total of 900 universities and 40,000 colleges in India that are offering education to students.

With Sixth Sense Educon, 'We' provide Education: *The Gift of Wisdom* to all the children & adults, precisely every single person who desires to learn & *GROW*.

Sixth Sense Educon is an initiative that helps children as well as teachers to learn things in a creative and more effective way. We provide e-learning solutions in the form of creative & good quality lectures. Sixth Sense Educon was started in October 2017, so that *"Every Child Is Able To Build His Future On His Own"*.

Since its inception, we've provided our services to 500+ schools in Uttarakhand, covering Bageshwar, 136 schools in Haridwar, 75 schools in Rudraprayag, 75 schools in Pauri, 230 schools in Nainital and 26 schools in Almora.

## Our Vision

- ▶ क्षणशः कणशश्चैव विद्यामर्थं च साधयेत्
- ▶ क्षणे नष्टे कुतो विद्या कणे नष्टे कुतो धनम्

In each module, chapters are smartly designed with creative visuals for every student to engage & learn from them. Let's have a look at each one of the modules mentioned below

## 1<sup>st</sup> Module – School

Our first module is School, which is divided into two parts namely Middle School which covers class 6<sup>th</sup> to 8<sup>th</sup> and class 9<sup>th</sup> to 10<sup>th</sup> and Senior School which covers class 11<sup>th</sup> to 12<sup>th</sup>.

- 6<sup>th</sup> to 8<sup>th</sup> and 9<sup>th</sup> & 10<sup>th</sup>
- 11<sup>th</sup> & 12<sup>th</sup>

We understand that a student from class 6<sup>th</sup> and a student from class 11<sup>th</sup> both have a different level of understanding. A 6<sup>th</sup> Class student would understand more if he is taught creatively. Our online education system is filled with engaging and imaginative visuals. Along with it, we have also provided assessments in MCQ as well as Q/A format.

## Middle School - (6<sup>th</sup> to 8<sup>th</sup>)

Students from middle & high school have very creative mind and they learn the best when things are taught using inventive & caricature visuals. The idea is to keep students engaged and interested to the lectures so that they can learn effectively.

The subjects that we have focused on are Maths, Science, Social Science and English. Our lectures are designed chapter wise as per NCERT syllabus along with solved exercises, assessments and important notes in PPT format.

We understand that some students still find it difficult to understand English, therefore; we have emphasised more on this subject by keeping our lectures in story format using animated visuals. The lectures are available in two languages, which are:

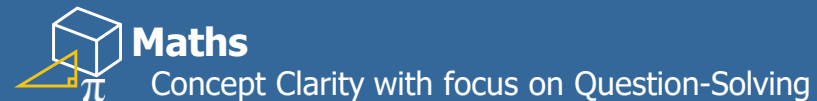

In English lectures, subtitles are provided for better understanding. After every story, there is a separate section of Important Words along with meaning and usage is provided to enhance the vocabulary of students. For self-analysis, a Q&A segment is also provided after each chapter in the lectures.

So, why we chose story format? Well, we believe, story-telling is one of the best ways of engaging children as well as adults to the content. Every story that we provide comes with an **animated** introduction and "moral of the story"

## Senior School (9<sup>th</sup> to 12<sup>th</sup>)

Our e-learning solutions for intermediate students are based on NCERT syllabus and provided on smart classes. We have designed the impactful curriculum for PCMB students by providing more practical activities along with theoretical learning. The modules are explanatory which helps students to perform practical activities smartly. Along with these **INTERACTIVE SESSIONS**, students will also be provided with:

## 2<sup>nd</sup> Module – Competitive Exam

These days, competitive exams have become a hard nut to crack. Thus; it is important to take thorough guidance to achieve desired goals. In this module, we have provided lectures for exams such as:

### Preparing For ?

NEET

NDA

IITJEE

The programme is available in both Hindi & English language by focusing on **Conceptual Clarity**. Our lectures are given on Light Board which makes the learning quite interesting. At the end, students are given tests, assessments and previous year question papers to help them evaluate their growth.

## 3<sup>rd</sup> Module Counselling

The phase of school life is crucially important in shaping your future. This is the time when students must be given comprehensive career guidance. Our counsellors are trained and experienced professionals from Pearson - India's leading learning platform. We also specialise in streamlined counselling. People who find it difficult to understand the English language, we have *Bi-Lingual* counselling modules for them as well.

## 4<sup>th</sup> Module

### Spoken English & Personality Development Programme

Students often find it difficult communicating in the English language & since English has become a necessity in many of the job profiles. The basic understanding of the language is a must. This module will help students in having a basic understanding of the language & unlock many opportunities which otherwise would have been out of the bounds. Our Spoken English module is divided into three categories:

**Beginners**  
LEVEL

01

**Intermediate**  
LEVEL

02

**Advanced**  
LEVEL

03

## In Spoken English Level 1

i.e. beginners, students are taught:

Basics of English language

Parts of speech

Synonyms and Antonyms

NOTE: Each module is not a replacement for the teacher but is there to assist them whilst providing education to the students.

# In Spoken English Level 2

i.e. Intermediate, students are taught:

## Basics of Communication

Introduction of communication, building powerful vocabulary and learning sentence correction

**Definitely**  | **Definitely** 

## Grammatical Rules

Nouns, pronouns, prepositions, articles and basic grammar rules

## Speaking in English Speaking in English

Speaking sessions on topics like self-introduction, travelling and telephone communication

# In Spoken English Level 3

i.e. Advanced, students are taught:

## Public Speaking Skills

Group discussion, email drafting and letter writing practice

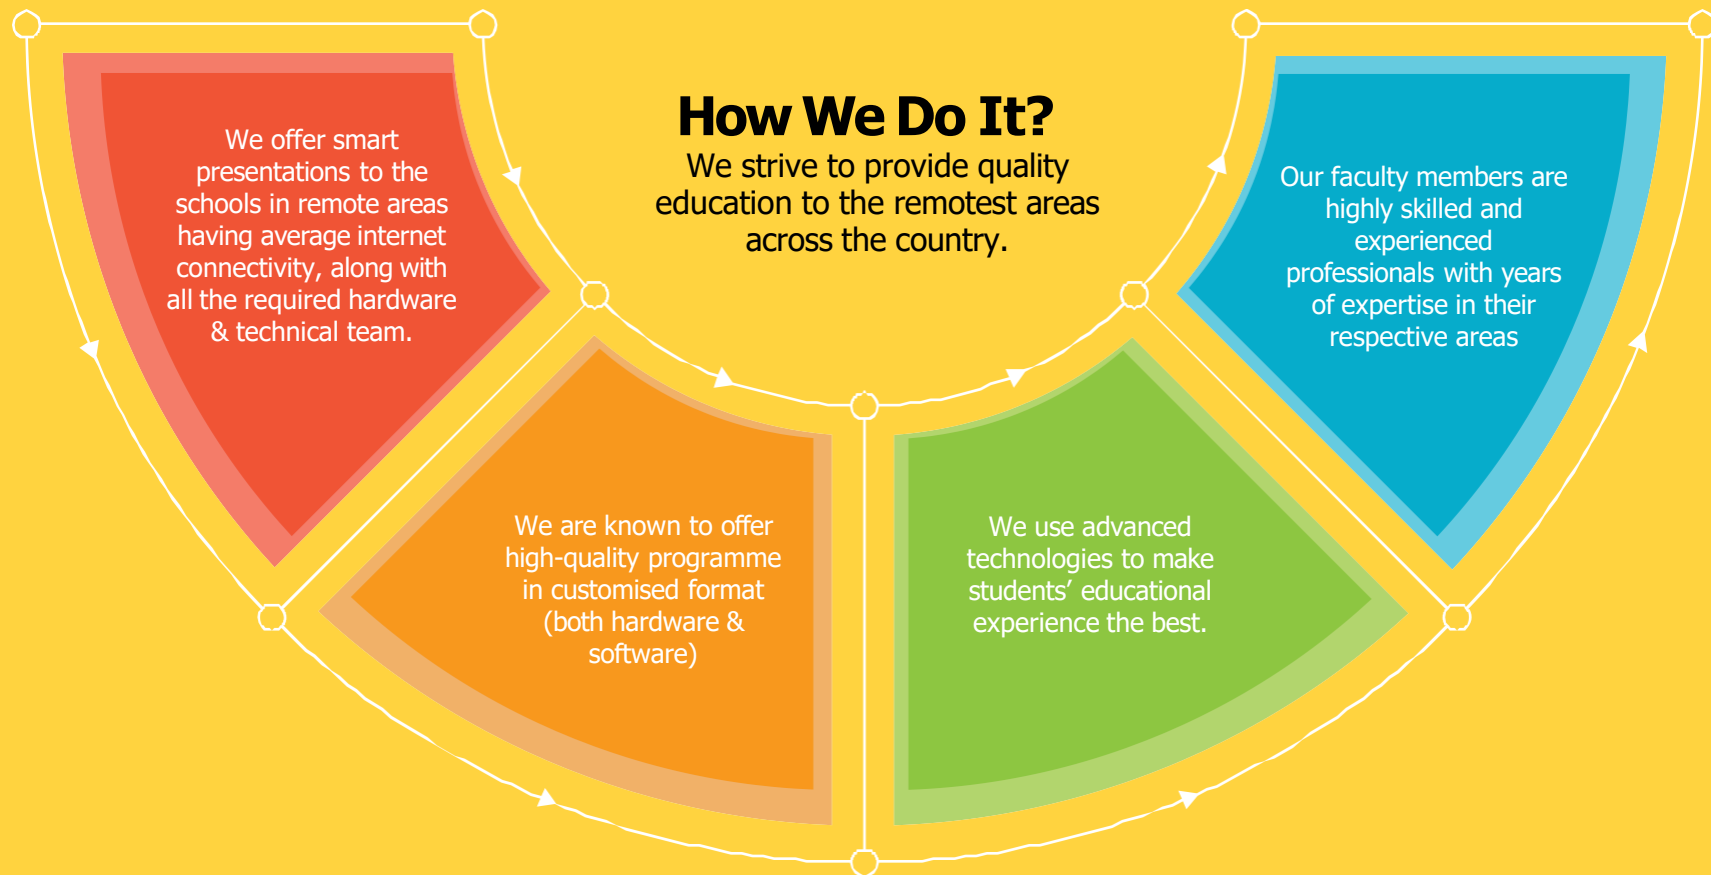

## Personality Development

Manners and etiquettes, building confidence, developing presentation skills and dining etiquettes

## Job Interview Skills

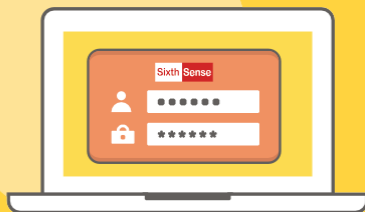

Resume writing, job interview Q&A and mock interview sessions

***Our programme is available in both Online as well as Offline setup***

## ● **Online Structure**

Our online setups are offered in two categories.

- **E-Portal** - Login ID and password will be shared with the programme. By logging in, students get access to chapter wise lessons and test series whenever they want. We also have one E-Portal based out of Nainital.

- **Live Support** - To help students clearing out their doubts, live support classes get conducted via video conferencing setup. It digitally connects teachers to the students. Our mobile application is under construction and soon students will be able to access all the lectures via our application.

## ● **Offline Structure**

Our offline lectures are fruitful for the students who do not have access to digital content

- The programme is easy to install and operate **PLUG & PLAY** setup.
- It negates the high-speed internet limitation in rural/remote areas.
- We even provide all required hardware like- LCD Screens, Tablets & Projectors, for students to learn, grow & achieve

**NOTE: Our structure isn't just for the students but it is also very beneficial for the teachers as well.**

# Why You Should Associate With Us?

01

In just two years, we have provided our programmes to 500+ schools in Uttarakhand.

02

Our lectures are engaging, entertaining and full of knowledge.

03

Our e-learning setups are designed with animated characters which help in quick learning.

04

Our lectures are bi-lingual.

05

Our counsellors are the trained professionals from Pearson.

06

We are passionate, zealous and determine to offer quality education.

## Success Stories

Asha Budola, a medical student from Srinagar has achieved her aspirations of clearing a medical entrance exam with the help of Sixth Sense Educon.

With the unavailability of chemistry teacher in Rudraprayag district, we tried to provide the students with our e-learning solutions and they stood a 100% result during their board exams.

The district of Rudraprayag, Uttarakhand managed to achieve the highest rank in the state for the academic year 2017-18.
